Heartland Setters Puppy Policy

Cost of pups will vary from litter to litter, depending largely upon the investment in the bitch and stud fee. Cost assumes you will pick up at our kennel. We will assist with any delivery arrangements that you may make, but costs incurred by Heartland Setters will be passed on to the buyer.

A deposit of \$100.00 will be required to hold your request for a pup, male or female. Order of choice will be determined by the date your deposit is received. When sending your deposit, please specify litter, sex and color of the pup you wish to reserve. Heartland Setters reserves the right to select a pup to retain. In the event we cannot provide the pup reserved by sex and litter, we will refund your entire deposit. We cannot guarantee color or markings. If you change your mind and decide to not take an available pup, you will receive a 50% refund.

Puppy buyers coming to the kennel should plan to pick up their pup at a prearranged time, or forfeit order of choice. Balance for cost of the pup is due at that time. Puppy buyers shipping their pup must have balance paid in full when pup is seven weeks of age, or forfeit order of choice.

Pups whelped at Heartland Setters will have dew claws removed, will be dewormed, and have vaccinations started. Pups are sold with a written Health Guarantee.

Heartland Setters will not advertise that we have a litter available, until all on our waiting list have been contacted.

Thank You!
